

Community Planting Day 2025

Volunteer Information Pack

Help us plant 4,000 seedlings at Monteville Lane, Ballan for a better, greener future.

Bring the family and help us improve habitat linkages in the Moorabool Shire on Wurundjeri Country. You will be joining other volunteers to plant 4,000 seedlings and make up and install tree guards to protect the seedlings.

Where: 461 Monteville Lane, Ballan

Time: 9.30 am - 4.00 pm, Sunday 20th July

What to bring: warm clothes, hat, gardening gloves and sturdy footwear.

To minimise waste, please bring your own water bottle (filling stations will be available), cup, plate and cutlery for lunch. If you would like a hot drink in the morning, please try one of the great cafes in Bacchus Marsh or Ballan or bring a thermos. Hot drinks will be served at lunch time and afternoon tea.

Catering: morning tea will be provided at the planting sites. Lunch and afternoon tea will be provided by the Bacchus Marsh Lions Club.

Parking: Parking onsite at 461 Monteville Lane. Follow the signs and parking attendants.

Arrival: please check in at the registration desk and get allocated to your team.

Contact: For more information, contact Emma: 0412 685 404 servicepartnerships@melbournewater.com.au

12.30 – 1.30pm	BBQ lunch
1pm	Welcome to Country Speeches and group photo
1.30 – 3.30pm	Continue planting
3.30 – 4pm	Afternoon tea/event closed

Planting site

The annual planting day is one of Grow West's biggest events and is an important opportunity to rejuvenate and restore local landscapes. This year we head to Marty and Sarah's scenic property along the Korjamnunnip Creek where they hope to create a nature corridor with their neighbours to encourage the habitat of local fauna; including platypus and amazing wedge tail eagles. We aim to plant and guard 4,000 seedlings on this picturesque site and we welcome volunteers who want to work hard or those that would like to help make up tree guards.

This site would have originally sat within an Ecological Vegetation Class called Grassy Woodland of the Central Victorian Uplands. We have selected 25 species to compliment the remnant vegetation.

Grow West has worked with thousands of volunteers and hundreds of landholders over the past 20 years to plant over 1.4 million seedlings in Melbourne's west.

Grow West's vision is to rejuvenate 10,000 hectares of land by connecting the Brisbane Ranges National Park, Werribee Gorge State Park and Lerderderg State Park through a mosaic of restoration works on private and public property.

Grow West's partners are fundamental to the program's success, with government organisations, landholders, community groups and businesses all working together to achieve on-ground results.

Directions from Melbourne take the Western Freeway, turn left at the Ballan exit (approx. 80km) and then turn left into Monteville Lane proceed approx 4km to 461 Monteville and follow signs to Parking.

Frequently Asked Questions

When is the planting day?

Sunday 20th July 2025, from 9.30 am to 4.00 pm.

How do I register?

Registration online at Humanitix:

<https://events.humanitix.com/gw-planting-day-2025>

How will the day be organised?

Volunteers will be allocated to a small team of about 20 people who will work together under the guidance of a team leader. The team leader will demonstrate the method of planting to be used on this site.

What will I be doing?

We are helping to revegetate to provide habitat connectivity and enhance vegetation cover. You may be asked to help with tasks such as: delivering and laying out of plants and tree guards in your nominated planting zone; assembling tree guards; planting in holes; installing tree guards; quality control inspections; watering; and gathering of tools, spare plants and tree guards at the end of your planting session.

What should I bring / wear?

Please bring along a raincoat, warm clothing, hat, clean and sturdy footwear. It would be helpful to bring along gardening gloves. Make sure you clearly label your personal items.

Do I, along with family or friends, need to register and inform if I need to cancel?

Every person who attends the planting day needs to be registered. Registration makes it possible for the organising committee to plan for catering, allocating number of volunteers to teams and organising tools and plants for the day.

To cancel your attendance, simply hop online and cancel your online booking or let the Event Coordinator know via email. Your cancellation may make it possible for someone else to attend.

Is the project environmentally friendly?

Planting trees couldn't be any more environmentally responsible. We also ask you to bring your own water bottle, thermos, and coffee/mugs to save on using throwaways.

What about meals on the day?

Please indicate any dietary requirements when registering. To minimise waste, please bring your own water bottle, thermos and mug/coffee cup. We will be providing morning and afternoon tea and lunch.

Can children attend the day?

School aged children are most welcome to participate, however any person under the age of 18 is the responsibility of adults they attend with and should be supervised at all times. It is also important that children are supervised for their safety. During planting, supervision ensures that the right planting technique is undertaken for optimum plant survival.

How fit do I need to be?

A reasonable level of fitness will be necessary for you to be involved in the planting activities. Tasks may include carrying plants, and planting seedlings. Jobs are allocated depending on an understanding of your fitness or physical capabilities. There are also important jobs that don't require much walking or physical activity, such as making up tree guards.

What about my safety?

A thorough safety audit is prepared for the day. There will also be qualified first aid support at all times. All participants will also need to practice due care and take responsibility for their own safety. Don't forget to bring adequate sun protection, sturdy footwear and warm clothing.

Will there be public liability insurance cover?

Yes, the organising committee arranges normal public liability insurance for the day.

What will the weather be like?

Being winter and the nature of the site, it is likely to be cold and may be windy. We advise that you come prepared for all weather conditions, but highly recommend you bring along warm clothing. Visit www.bom.gov.au for more information about the weather forecast for the area.

Am I allowed to bring my dog to the planting day?

For the comfort and safety of all participants, only service dogs are permitted at the planting day.

Lost property?

On occasions, personal items of clothing, drink bottles or planting equipment are left behind after the planting day. We will endeavour to return property but please ensure that you clearly identify all your personal items.

Who do I contact if I need answers to information not covered above?

Emma | E: servicepartnerships@melbournewater.com.au; P: 0412685404
